

Creazione linee guida

3 Steps [View most recent version on Tango.us](#)

STEP 1

clicca sul pulsante LINEE GUIDA

STEP 2

Inserisci le Linee Guida cliccando sul campo

The screenshot shows a web application interface for creating guidelines. At the top, there is a purple header bar with the 'Esistere' logo, a circular icon, and the text 'LISTA PAZIENTI LINEE GUIDA'. A user profile icon is on the right. Below the header, the title 'Creazione Linee Guida' is centered. The main content area contains a large text input field with a placeholder 'Linea guida *'. A purple arrow points to the left of the input field. A vertical scrollbar is on the right side of the input field.

STEP 3

Clicca sul pulsante SALVA

This screenshot is identical to the one in Step 2, but with an additional element: a purple button labeled 'SALVA' is now visible at the bottom center of the form. The rest of the interface, including the header, title, and text input field, remains the same.
